3. What is note taking and what is its importance in Nursing. [10]
4. Make a precis of the following passage and suggest a suitable title : [10]
The achievements of science in the twentieth century have been very great. Its influence can be felt in every sphere of life. From the small pins and needles to the huge iron sheets most of the things we require for our everyday use come out of the factories where scientific principles are utilized for practical ends. Science has enabled man to bring forces of nature under his control and to use them for his own advantage. It has brought the distant parts of the world closer together. Our knowledge of the Universe has been much widened on account of the untiring efforts of some eminent astronomers. Remarkable cures of human diseases have been possible owing to the discovery of some wonderful medicines.
